DRO on Solids/Soils Sample Collection

Contents of Sampling Kit:

- 2 x 2oz (60mL) tared soils jars

Sample Collection:

1. Per method, weigh out approximately 25 grams of soil and deposit into a tared soil jar
 - a. NOTE: Samples under 20 grams or over 35 grams do not meet method requirements and will be rejected
2. Repeat with second set
3. Upon successfully depositing the soil sample into the tared jar, brush away any soil particles from the threads of the jar and the jar lid
